PROFESSIONAL EXPERIENCE

Halton District School Board

Web Developer Co-op

Burlington, ON

May 2025 – Aug 2025

- Migrated and modernized web content for over **100 school sites** and **5,000 staff members** as part of a board-wide CMS migration initiative
- Audited and rewrote HTML and JavaScript to ensure **AODA compliance**, **WCAG 2.1 accessibility**, and **SEO optimization** across all pages
- Conducted **functional and performance QA testing** post-migration to ensure responsive design, cross-browser compatibility, and content accuracy
- Contributed to **UX and UI enhancements** based on web best practices and feedback from internal stakeholders, ensuring usability across desktops and mobile devices

Ontario Public Service

Web Developer Co-op

Toronto, ON

May 2024 – Aug 2024

- Diagnosed and resolved front-end and back-end defects using **Go**, **Vue.js**, and **Docker** in a production environment, improving site stability and contributing to smoother deployment cycles under Agile workflows
- Developed and maintained SharePoint Online web parts to improve content accessibility and document organization for internal teams
- Collaborated in a cross-functional Agile team of **10+** using Bitbucket and Jira for version control and task management
- Diagnosed and optimized web performance issues, reducing downtime and improving user satisfaction through seamless integration of new components

PROJECTS

Online Blood Bank

- Engineered a full-stack application in a team of **4** in planning, developing, and testing an application using **Spring Boot**, **Angular**, and **RESTful APIs**
- Conducted **user research with 20+ participants**, improving UI/UX and increasing satisfaction by **25%**.
- Utilized **JWT** for secure authentication and **MongoDB** for efficient data storage and management
- Automated unit and API testing pipelines using **JUnit** and **Postman**, improving code quality and reducing post-deployment bugs by **15%**.
